CASE STUDY

ExpressTrack in Action

AMY, 56, OWNER OF A FLOWER SHOP

Amy wants to purchase a \$1 million Protection UL policy to be used for key-person coverage. Amy’s insurance representative submitted her application via a John Hancock proprietary Ticket, and within 24 hours a John Hancock representative contacted Amy to schedule a tele-interview with her to collect the application and medical history details.

Amy’s overall history is good, with normal build and controlled blood pressure, parents in good health, with clear MIB and MVR. Her application indicates that she has been treated for hypertension and sleep apnea.

John Hancock Underwriting reviewed the completed application, and determined that Amy qualifies for ExpressTrack. Within three days of receiving the completed application, the underwriter communicated a “Preferred” underwriting decision to Amy’s insurance representative.

1. John Hancock will be requesting a post-issue attending physician statement (APS) for every issued ExpressTrack case. A policy may be rescinded if information in the APS reveals a material misrepresentation in the application submitted.
2. Elapsed time to generate underwriting decision from the time Underwriting receives the interview results.
3. Submissions via firm-proprietary Tickets may not be eligible for ExpressTrack.
4. The considerations listed above are illustrative only and not exhaustive, and John Hancock reserves the right to require additional underwriting requirements in connection with any application for insurance.

For agent use only. This material may not be used with the public.
