

Electronic Application Availability

Annuity Carriers

Electronic applications provide a digital solution that manages the data collection and submission process. Below, you'll find information and links on the carriers with an available e-App platform. If you are securities registered your broker-dealer will need to verify your ability to submit business via electronic submission.

Please note, if a transfer is involved the relinquishing company may require a wet signature on the transfer paperwork.

Carrier	e-App Available	e-App Link	DocuSign Approved	Available to Print and Wet Sign	Additional Details
