

EASYLIFE

YOUR ONE STOP SHOP

Quote, apply, and track your life insurance business in one place!

EasyLife, from Highland Capital Brokerage (HCB), allows you to manage all of your day-to-day life insurance business functions in one simple and easy to use website.

Quote the top-rated term products in the industry and utilize XRAE to find the best carrier for your client's health factors. Take advantage of new **Accelerated Underwriting*** which in many cases can eliminate the need for a paramedical exam or doctor's records!

Apply using state-of-the-art technology to streamline your application process.

- **Drop Ticket** - Take the pain out of applying and use this short (5-10 minutes) electronic form to get the case started. The rest will be done by carrier representatives under the watchful eyes of your HCB case management team.
- **E-Application** - A full application completed online with e-signatures. Using this process, your applications will be in good order every time, and you'll have the convenience of coordinating with the client electronically.
- Full paper application downloaded into fillable PDFs, which can be printed for signature.

Track all of your business with HCB as well as any e-applications that you have started and need to complete.

EasyLife makes your life easier by putting your most used functions only a click away.

**Accelerated Underwriting is limited to certain carriers and generally for clients under age 60 and applying for less than \$1M, who are in good health.*
